ANSWER CARDS

(SHONA VERSION)

Training and Research
Support Centre (TARSC)
Zimbabwe
July 2006

Auntie Stella is a participatory toolkit for youth. An interactive web version is available in English at www.tarsc.org and www.auntiestella.org. Auntie Stella is also available in Shona, Ndebele and Kiswahili, with plans for translations into French and Portuguese in the coming year. These translations can be accessed at <http://www.tarsc.org/publications/> under the Children, women and youth section. To make it easier to access these materials, we have divided each translated version into 3 files:

- Auntie Stella question cards
- Auntie Stella answer cards
- Auntie Stella Facilitator s and Adaptation Guide

Please make sure you download all three documents for a complete set.

Auntie Stella is also available on CDROM and as a printed pack with the letters on cards. The toolkit contains 40 laminated question and answer cards, a 40-page Facilitator s and Adaptation Guide and two information cards — one listing the topics in the letters and the other explaining difficult words.

To find out more about the Auntie Stella programme, or to place an order for a CDROM or hard copy, please contact admin@tarsc.org or Box CY2720 Causeway, Harare, Zimbabwe
